Ladies Guide to Dress Protocol for Events & Competitions

This guide has been requested by some ladies' as a reference guide only. So that you are not caught out it is generally a good idea to keep a spare top in locker or car just in case.

It is considered good manners to come into the clubhouse and sit with your playing partners for a drink, unless you have an appointment etc. in which case it is polite to tell your partners beforehand and apologise for not joining them this time.
